## **BASCObike CYCLE LANE MARKINGS: HIGH-VISIBILITY COLOUR TO PROTECT ROAD USERS**

Cycle lane markings play a crucial role in enhancing the safety of cyclists using public thoroughfares. Clearly coloured delineation of cycle lanes provides protection for all road users. **BASCObike** cold plastic can be used to mark out danger zones, such as complex junctions, concealed entrances and driveways, or to indicate right of way using a high-visibility colour. The product is available ready for use, cures rapidly and thus enables roads to be swiftly re-opened to traffic.

### **TECHNOLOGICAL DESCRIPTION**

**BASCObike** 2-component cold plastic contains no solvents and is based on reactive methacrylate resins. It is applied by hand (trowel or roller).

### **FIELDS OF APPLICATION**

The coating has anti-skid properties and is particularly suitable for signalling danger zones thanks to its striking colour.

### **YOUR ADVANTAGES AT A GLANCE**

- Solvent-free
- Long shelf life
- Ready to use
- No machinery needed for application
- Rapid curing

**PRODUCT PROFILE**

<i>Substrates:</i>	Bituminous surfaces, concrete – pre-treatment with active primer
<i>Surface treatment:</i>	Depending on substrate. Further information in technical data sheet.
<i>Application:</i>	Manual application with trowel or roller
<i>Colours:</i>	RAL 3020, traffic red

**BASLER LACKE AG – MARKINGS AND FLOORINGS FOR MORE SAFETY.**

As a manufacturer and provider of road marking, flooring and sealing materials to enhance road safety and building protection, we have been attaching paramount importance to the consistently high quality of our products since 1933. We collaborate closely with our customers and partners and pride ourselves on our flexibility and innovative products. We provide comprehensive system solutions in the realms of road markings, surface markings and floorings. We are always pleased to elaborate custom-tailored solutions on request and with our customers both in Switzerland and abroad.

Headquartered in Buchs, Switzerland, Basler Lacke AG is one of the eight brands that comprise the Berlac Group, a globally-active group of medium-sized companies committed to the development and manufacture of top-flight solutions for finishing and protecting surfaces and for colouring plastics.
