

Swiss-quality markings & coatings

BASCOplast COLD PLASTIC: DURABLE SURFACE MARKINGS TO PROTECT ROAD USERS

High-grade surface markings such as our **BASCOplast** products increase road safety. They fulfil an important role by guiding road users safely through traffic by means of a visual guidance system during both the day and night and in all sorts of weather conditions. **BASCOplast** cold plastics provide high wear resistance, dimensional stability and good visibility.

TECHNOLOGICAL DESCRIPTION

BASCOplast is a solvent-free 2-component plastic based on reactive methacrylate resins and enjoys a wide range of applications for the permanent marking of surfaces. It can be applied equally well by hand or by machine.

FIELDS OF APPLICATION

BASCOplast products can be used in a variety of areas and are particularly suitable for marking edge and centre lines and pedestrian crossings. The cold plastic material is used on highways and roads with a high volume of traffic. These products are ideal for use in both the private and public sectors.

YOUR ADVANTAGES AT A GLANCE

- Solvent-free
- Rapid trafficability
- Stable quality for three to four years (depending on traffic volume and thickness of coat)
- Weather-resistant
- Good dimensional stability even in warm regions
- Very good price-performance ratio

PRODUCT PROFILE

Tested in accordance with / in:	BASt, bmvit, Aetec / BG, PL, CZ, CDN, RC
Substrates:	Asphalt, concrete
Surface treatment:	Depending on substrate. Further information in technical data sheet
Uses:	Flat surfaces, agglomerates and steps
Colours:	White, yellow, other colours (RAL) on request
Special properties:	<ul style="list-style-type: none"> • Durable system • Variety of uses • Outstanding LCA

BASLER LACKE AG – MARKINGS AND FLOORINGS FOR MORE SAFETY.

As a manufacturer and provider of road marking, flooring and sealing materials to enhance road safety and building protection, we have been attaching paramount importance to the consistently high quality of our products since 1933. We collaborate closely with our customers and partners and pride ourselves on our flexibility and innovative products. We provide comprehensive system solutions in the realms of road markings, surface markings and floorings. We are always pleased to elaborate custom-tailored solutions on request and with our customers both in Switzerland and abroad.

Headquartered in Buchs, Switzerland, Basler Lacke AG is one of the eight brands that comprise the Berlac Group, a globally-active group of medium-sized companies committed to the development and manufacture of top-flight solutions for finishing and protecting surfaces and for colouring plastics.
